## Meet some of our first babies

### Anna's Hummingbirds

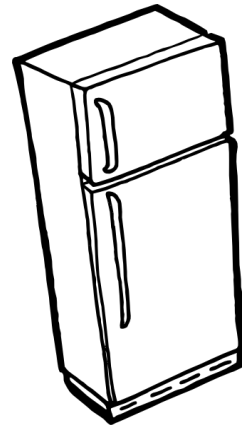

We have 3 young Anna's Hummingbirds (*Calypte anna*) in care. The first we received was a few weeks ago and it is preparing to go back out to its home yard after the coming storms and learning how to catch tiny bugs.

These two came from separate yards on the same night and are now buddies until they can go back out to the wild.

Even though we haven't switched our open hours, baby bird season has begun!

## We need your help

BRC is currently in need of a new freezer, and we must rely on your donations to get one. Anything you can give is appreciated. Extra donations beyond the cost of an adequate freezer will go directly toward helping the birds in our care. Please mention "Freezer fund" in the comment of your [donation](#). Thank you in advance for your support.

## Phone Team Volunteering Opportunity

Do you have some extra time and are looking to volunteer? If you are over 18, you can join our amazing phone team. We are looking for people who can commit to one 4 hour shift per week throughout the summer. We will provide training before you spread your wings and fly solo at the desk.

## OPEN HOUSE

Come see our resident raptors at our monthly open house

April 7th, 2018  
from 10am - 1pm

3430 Chanate Road  
Santa Rosa, CA, 95404
