**Want to know how you can make a difference?**

**Did you know that Bird Rescue relies 100% on donations and memberships to support our work?** We do not receive any federal or state funding or tax dollars.

Baby Bird Season is now underway and with that comes a large portion of our annual expenses. We are also raising money for our new hospital and education center where we will be even more effective in serving our avian patients and offering education programs to the public.

Your donations make a real difference. Please be generous and give as much as you can, as often as you can give. There is no better way to support our native wild bird populations!

**Please donate**
