

The Bird Rescue Center of Sonoma County

In light of the number of displaced families in our area, and the huge number of children that are not in school currently, we are going to open the center for additional "visitor days" to give families something to do and see.

These dates will be **Saturday 10/21** and **Saturday 10/28**. Regular times, 10-1pm.

Regularly scheduled visitor's day will be 11/4 as well.
